

AA214 Series Housings

Aluminium
Pressure, 34 Bar
Ports, 1/4" to 1/2"
Element, 25.64.□

AA214.261

AA214.271

The AA214 series filter housings have an anodised aluminium head and bowl with polyamide internals. They are fitted with a differential pressure indicator and supplied with 1/4" or 1/2" ports and a range of drain options. These housings are suitable for compressed air systems and general filtration applications.

Standard housings have NPT ports and include Viton gaskets. Other gaskets types are available as an option. BSPT and BSPP port types are also available.
