AO Series
End of Line Filter Housing

Materials Aluminum & SS
Ports 1/8" to 1/2"
Element 12.32.☐ to 25.64.☐

The AO series filter housings are constructed from anodised Aluminum with a stainless steel tie rod and are supplied with a range of connections.

The housings are suitable for gas and liquid end of line applications.

These housings have NPT ports as standard.
